Brian Devincenzi
Assistant Superintendent for Support Services

September 3, 2020

Dear Parents/Guardians,

In order to safely reopen, there are a number of health and safety protocols the District must implement, including a process to have all students perform a daily health screening when reporting to school for in-person learning. Therefore, parents shall be expected to comply with the following process for each of their children on days they are reporting to school for in-person learning:

1. *Use the link below prior to reporting to school each day (link will be placed on the district homepage):*
<https://entry.neric.org/WallkillCSD-Student>
2. *Choose the school your child is assigned to*
3. *Read the questions and click the radio button that applies*
4. *Enter your child's first and last name, your email address and then click submit*
5. *Based on your response a screen will appear that will state you are "approved" or "not approved" to enter the building*

If you are using a computer to complete the daily screening, it is recommended that you use Chrome as your web browser. Please note that the form can be completed via computer or phone.

If your child is not approved to enter the building, you must contact the school and report your child's absence.

Additionally, please note that the District is responsible for periodically verifying that the daily health screenings are being completed for students. We have attached a calendar that shows the days when the health screening verification for each group will be conducted. If we do not receive the verification on the designated day (see attached calendar) that the health screening has been completed, we will be contacting parents/guardians.

If you have any questions or need assistance, please contact my office at 895-7102.

Sincerely,

Brian Devincenzi
Assistant Superintendent for Support Services
COVID-19 Safety Coordinator

2020-2021
