

WALLKILL CENTRAL SCHOOL DISTRICT
SCHOOL CLOSING PROCEDURES

1. *The Assistant Superintendent for Support Services receives a call and/or email at 4:30 a.m. from Fleet Weather informing him of the weather conditions.*
2. *After the notification is received the following individuals are called:*
 - a. *East End Bus Lines (Bus Company) – they send individuals out throughout the District to check on road conditions*
 - b. *Highway Supervisors of each town within the District*
 - c. *Other area Transportation Directors for neighboring schools*
3. *After compiling all necessary information, the Assistant Superintendent for Support Services collaborates with the Superintendent to make a determination on whether to stay open, delay or close.*
4. *If it is determined that the school will be delayed, the Assistant Superintendent for Support Services keeps in contact with the Highway Supervisors and East End Bus Lines regarding road conditions. If conditions do not improve or they worsen, school will most likely be closed.*
5. *After a determination is made, local radio and TV stations are called as well as district employees.*
6. *Generally, a decision to delay or close will be made by 5:45 a.m. If we are delayed, the latest time a decision may be made to close is generally 7:30 a.m.*
7. *Additionally, based on morning weather forecasts for impending weather throughout the day the District will need to make a determination about staying open, delaying or closing.*

In the event that schools have a delayed opening or schools are closed due to inclement weather conditions, parents, guardians and district residents are urged to listen to the following radio or television stations and check our website at www.wallkillcsd.k12.ny.us for announcements:
