February 2, 2021

Dear Parents/Guardians,

As a reminder, this week begins the new semester. The second semester courses can be found on your child’s Schoology page. The period of the course may not be listed yet, but I have informed the faculty that they should identify this information in “Section Name” of their courses. That information will be available before the start of the school day tomorrow. Additionally, all scheduling information is available through the Parent Portal. Information about how to access our Parent Portal is available [here](#).

If you are unsure of any aspect of your child’s second semester schedule, please email your child’s School Counselor.

Stay healthy,

Joseph J. Salamone
Principal
