

Buildings & Grounds Committee – January 6, 2020

The Buildings and Grounds Committee met on January 6, 2020, to discuss a potential future capital project. Currently, Tetra Tech, the District's architects and engineers are completing the Building Condition Survey which will assist the District in developing a scope of work to be included in a future capital project. The District is currently looking at a potential vote in December 2020. The committee has not scheduled its next meeting as we await the completion of the Building Condition Survey report.
