

## ***Buildings & Grounds Committee – March 10, 2020***

*The Buildings and Grounds Committee met on March 10, 2020, with Tetra Tech architects and engineers to discuss and review the Building Condition Survey and to develop a scope for a Capital Project Vote tentatively scheduled for December 2020. Mr. Devincenzi confirmed that they shared conceptual ideas for security vestibules at all five buildings. A virtual meeting will be scheduled in the next month or over the summer. Mr. Frisbie also commented that on the April 22, 2020 Board agenda is the recommendation to award the Field Maintenance Bid.*
